It was a sunny day, and everything seemed perfect until I heard a loud noise. Like it was a regular day for me, I was on my military patrol in region "Livonia". There was some kinda secret mission, but our commander didn't make for us any briefing, so our squad don't know much. The most strange thing was that we wear hazmat suits. I thought it was some leaked radiation, until I saw a big spaceship that was approaching. Our squad panicking, leader is completely horrified, he told us to retreat, and we sprint right into the forest. I think this spaceship has some sort of jammer, cuz we can't communicate with forward operating base with long range radio. Spaceship landed, and some creatures left it. They looked like humans, but had blue skin and dark eyes, like solid black. Weapons in their hands was futuristic I think? Doesn't matter, first things first, what should we do know? We looked at them throughout the leaves and bushes, then one of them spot us I think. He aimed his weapon right to us, three seconds later a bunch of plasma rounds pierced our leader's body. We opened fire, but bullets done much nothing to them. I shouted "RUN", and we gone deeper into the forest. While we was sprinting, they shoot down another our ally. 200 meters in hazmat suits was like 20000. It's hard to breath, everyone is stressed as fuck. We stopped cuz thought that we run away. My friend cody unspasses, and immediately dies. I toggled Geiger count, Radiation is... I can't tell anything... Then we heard a whistle from the air, like ~~the~~ falling bomb. As its collide with the ground, it kills my squadmate. Two people and alien dropped. I hesitated... I run away from him. I'm such a coward... If someone finds my diary. Oh my god, I hear them.

Exam, again.

It was a sunny day, and everything seemed perfect while I heard a loud noise. Everyone looked at her, stared, before they saw it. It was an old crying woman. She

looked so hurted. For a minute, we all saw how she started to cry really loud! After 15 second, she turned at us. She lost her right hand and...

- My son...! - maybe she lost her ^{er} son too. We called to 911, but before this me and my partner looked up at sky, finding out that nothing is okay. The sky quickly covered with black clouds, and blood is... raining. First time in my life I saw an big dragon that eats someone in front of every people. An little kid.. his head.. maybe this is his blood. We started to cry.

- Run, faster! - I screamed out with all my voice.

In one second, I understood that I was stabbed. Only two thing I worried about was my family and Elliott, my love of all the time. Wait a minute, Elliott didn't run away?!

- No, leave me and just run! - my half-dead eyes looked at him, terrified.

I thought it was the end of humanity but it's not. Gods ^{us} examining ^{us} again. "The next life will be much more harder" they said "just close your eyes and be ready". So.. it's an exam, again.

Variant 3.

It was a sunny day, and everything seemed perfect until I heard a loud noise. When I went to the 1st floor, I didn't see something suspicious. So, firstly I want to say about me. I am 18 years old, and like other teenagers I wanted to have my own house. But as many 18 years old students I don't have much money to buy a house. At least, I found decision - to rent house for some time. It was beautiful house, with fully equiped kitchen, spacious rooms, have balcony, house from my dreams, and can you believe that the house costs not so much, I could afford it. However, something in the house was terryfying. Lets come to my story. So, it was a sunny day of summer, my mood was the best. That loud noise came from one dark room which I was not allowed to enter. I thought to see what happening there. But then, I remembered words from Missis Clara "you should not open that door!". It was right, I was fined, so I go to sleep. That night I couldn't sleep. The dark room was always in my mind. I said "I want to go to the room" to my best friend who are arriving tomorrow. I hang up the phone call. Then, go to the 1st floor. Finally, I opened that door. There was not something really terryfying. I saw two little kittens without their mother. Straight away, I called to the pet doctor. They was safe with me. The next day my best friend Kanina came to my house.

task 111. Writing (countinue)

She was shocked when she heard my story. Firstly, it was terrifying, then it changes to a cool story. After that, I called to Missis Chana to ask why she did not allowed me to go to the room. She said that she did not want me to see this dark, small room because of untidiness. So, there was nothing unbelievable, terrifying. Now I hopefully save the cats and they live with me. Everyone is happy!
