

III Writing. Task-B

What is dream job for you? Many people will answer "it is job that make me happy", I think that is right answer but there is a lot factors that not same for each person. One of the cons of factors is your productivity. Productivity is the most important factor when you work with collectiv. In my opinion raising ur producti vity is the most important routine.

Aseroengineer is my dream job. Because in my opinion job is an engine in civilization raising. I'm very proud of people that discovers new physics rules, people that push our aseroenginering. Because of it i like aseroengineer work in the future.

Choosing job is a big part of humans life, that's not a big deal if you slowly find ur dream job.
